Inter regional MDG indicators Meeting: "Sharing knowledge to improve MDG monitoring and reporting"
 Santiago, Chile, 15 - 17 May 2012

The meeting is hosted by the United Nations Economic Commission for Latin America and the Caribbean (ECLAC) in conjunction with the other four UN regional commissions: UNECE, ECA, ESCAP and ESCWA. Three countries from each region will be presenting good practices in the production, monitoring and reporting of MDGs.

At UN conference, Latin American countries reaffirm commitment to eradicate hunger
 Buenos Aires, 2 April de 2012

At the conference, States renewed their commitment to the Latin America and the Caribbean without Hunger 2025 Initiative, an effort that aims to ensure that no child, man or woman in the region endures hunger. Since its launch in 2005, four countries in the region have recognized the right to food in their constitutions, while seven have passed food security or food sovereignty laws.

UN experts call for including human rights standards in development goals
 19 March 2012

The Rio+20 conference, to be held from 20 to 22 June in Brazil, is expected to lay the foundation for a set of global sustainable development goals to complement and strengthen the UN Millennium Development Goals (MDGs), the anti-poverty and social development targets that have an achievement deadline of 2015.

Millennium Development Goal target on drinking water met
 NEW YORK/ Geneva, 6 March 2012

This is the key message in a report issued today by UNICEF and the World Health Organization (WHO), "Progress on Drinking Water and Sanitation, 2012 Update".

Within the Millennium Summit framework, ECLAC has been supporting the countries of the region, designing and implementing policies and programmes which contribute to the fulfillment of the MDGs. Specifically, ECLAC has developed regional monitoring mechanism to evaluate progress to reach the proposed targets.
