

# BIEE workshop for Caribbean on energy efficiency Indicators

April 19 - 20 St Lucia

## The BIEE Programme

After analyzing the strengths and weaknesses of the energy efficiency programmes that the region's countries have been implementing, the *Natural Resources and Infrastructure Division's* (DRNI) *Natural Resources and Energy Unit* (NREU) has reached the conclusion that one of the main obstacles has been the lack of information and indicators to facilitate a quantitative, full and integrated analysis of the evolution of said policies with the objective of making policy interventions based on solid information. In addition, the quality of the statistics and the performance indicators to quantify results of national energy efficiency programmes in Latin American and Caribbean countries has been deficient. As a way to overcome this shortcoming, the ECLAC has created the *Regional Programme BIEE* (Energy Efficiency Indicators Database for Latin America and the Caribbean). Following the technical-political process and the operating logic of the most successful energy efficiency and analysis Programme in the world, the *ODYSSEE Programme* (<http://www.odyssee-mure.eu/>), developed by the *European Commission* and managed by the French Agency *ADEME* (*Agence de l'Environnement et de la Maîtrise de l'Energie*) and with the aim of producing a series of specific and methodologically consistent indicators that allow the evolution of national energy efficiency programmes to be measured, analyzed and - consequently - for appropriate policy decisions to be made. The ECLAC has undertaken the task of training and coordinating actions in the region's countries to develop a common tool that facilitates this task to track energy efficiency (SDG7.3).

## AGENDA

### April 19

8:30 – 9:00	Registration
<b>Opening session:</b>	
9:00 – 9:15	Welcome greetings. Round presentation of the participants.
9:15 – 9:30	Workshop Objectives
<b>Session 1: Review of data collection and first indicator analysis : Macro</b>	
10:15 – 10:15	<b>Barbados</b>
10:15 – 10:30	<b>Guyana</b>
10:30 – 10:45	<b>Saint Lucia</b>
10:45 – 11:00	<b>Trinidad and Tobago</b>
11:00 – 11:30	<b>Comments and suggestions from the technical coordination</b>
11:00 – 11:15	<b>Coffee break</b>
<b>Session 2: Review of data collection and indicators : Energy sector</b>	

12:45 – 14:00	Lunch
	<b>Session 3: Review of data collection and indicators: Household</b>
14:00 – 14:15	<b>Barbados</b>
14:15 – 14:30	<b>Guyana</b>
14:30– 14:45	<b>Saint Lucia</b>
14:45 – 15:00	<b>Trinidad and Tobago</b>
15:00 – 15:30	<b>Comments and suggestions from the technical coordination</b>
15:30-15h45	Coffee break
15h45-17h00	<b>Session 4: bilateral working sessions on the template for the 3 sectors</b>

## April 20

	<b>Session 5: Review of data collection and indicators: Transport</b>
9:00 – 9:15	<b>Barbados</b>
9:15 –9:30	<b>Guyana</b>
9:30–9:45	<b>Saint Lucia</b>
9:45–10:00	<b>Trinidad and Tobago</b>
10:00-10:30	<b>Comments and suggestions from the technical coordination</b>
10:30 – 10:45	Coffee break
	<b>Session 6: Review of data collection and indicators: Services</b>
10:30 – 10:45	<b>Barbados</b>
10:45 – 11:00	<b>Guyana</b>
11:00 – 11:15	<b>Saint Lucia</b>
11:15 – 11:30	<b>Trinidad and Tobago</b>
11:30 – 12:00	<b>Comments and suggestions from the technical coordination</b>
12:00 – 13:00	<b>Session 7: bilateral working sessions on the template for the 2 sectors</b>
13:00 – 14:00	Lunch
	<b>Session 8: Review of data collection and indicators: Agriculture</b>
14:00 – 14:10	<b>Barbados</b>
14:10 – 14:20	<b>Guyana</b>
14:20– 14:30	<b>Saint Lucia</b>
14:30 – 14:40	<b>Trinidad and Tobago</b>
14:40 – 15:00	<b>Comments and suggestions from the technical coordination</b>
15:00 – 15:15	Coffee Break
	<b>Session 9: Method of estimation of energy consumption by end -use</b>
15:15 – 15:30	<b>Households (Technical coordination)</b>
15:30 – 15:45	<b>Transport (Technical coordination)</b>
	<b>Session 10: Closing session</b>
15:45 – 16:15	<b>Content of national report (Technical coordination)</b>
