THE NATIONAL REPORTS WILL CONSTITUTE THE BASIS FOR THE PREPARATION OF THE REGIONAL REPORT

GENERAL FRAMEWORK OF THE REGIONAL REPORT

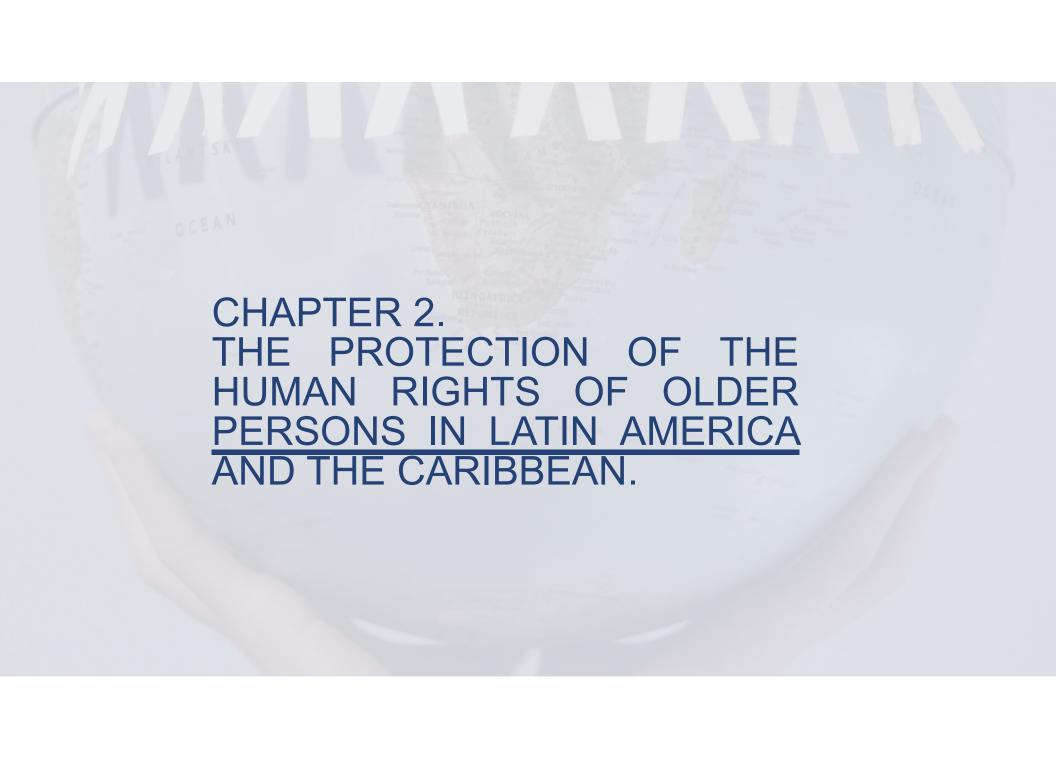

- Twenty years following the Madrid International Plan of Action on Ageing: the regional experience. Progress in complying with regional agreements on the subject, such as the Brasilia Declaration (2007), San José Charter on the Rights of Older Persons (2012), Montevideo Consensus on Population and Development (2013), Inter-American Convention on the Protection of the Human Rights of Older Persons (2015), and the Asunción Declaration (2017), as well as at a global level, the 2030 Agenda for Sustainable Development and the UN Decade of Healthy Ageing, with human rights, gender and interculturality perspectives.
- Emerging issues and new challenges in the region. The impact of the pandemic

CHAPTER 1.

CURRENT OVERVIEW OF DEMOGRAPHIC AGEING IN LATIN AMERICA AND THE CARIBBEAN

- Overview of the development of demographic changes in the Latin American and Caribbean region.
- Assessment of the current state of the demographic situation by large indicators at the national and regional level.
- Concentration and analysis of the information provided by the governments and ECLAC's CELADE-Population Division in conjunction with the United Nations Population Division.

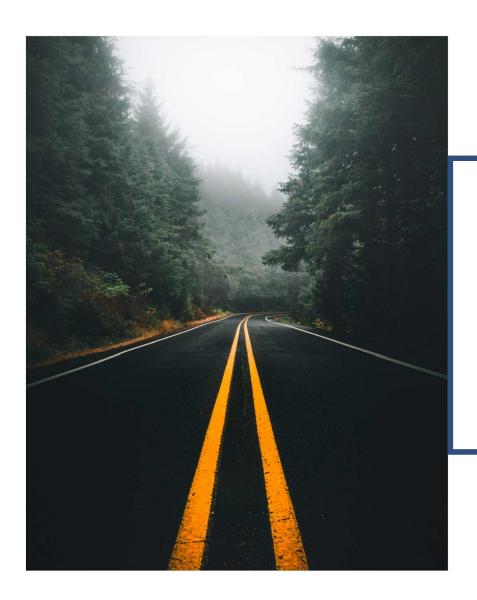

Political Declaration and Madrid International Plan of Action on Ageing

Second World Assembly on Ageing, Madrid, Spain 8 -12 April 2002

- This chapter aims to show, in an organized and schematic way, the progress in the implementation of the MIPAA.
- Its axis is the human rights perspective and will be constructed from the data emanating from the country reports.
- It is organized according to the priority guidelines established by the MIPAA.
- A section dedicated to care is proposed as a new challenge for the region.

- Development of international and regional policy and legislation for the protection of the human rights of older persons.
- Emergence of rising issues that have been included in the global and regional agendas in the last five years.
- Crisis caused by the COVID-19 pandemic and its consequences for the elderly population.

Madrid International Plan of Action on

Aging

Priority Orientation

I. Older persons and
development

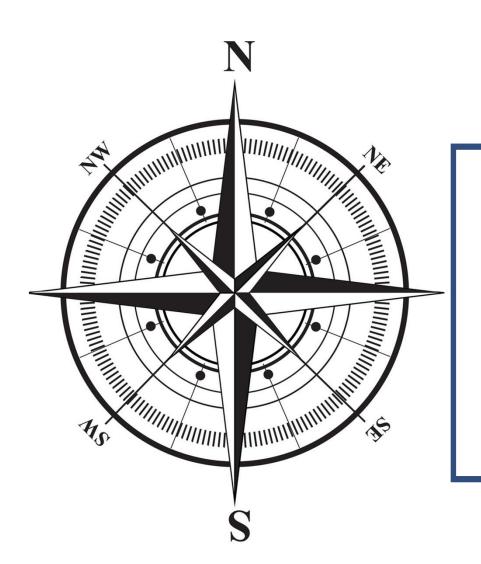

- Older persons and development
