...Towards Achieving the Jamaica We Want by 2030

ECLAC – Community of Practice for Caribbean Countries SDGs Voluntary National Review (VNR)

Meeting, January 12, 2021

Topic: Integration of the Sustainable Development Goals (SDGs) in Vision 2030 Jamaica – National Development Plan

Presented by the Planning Institute of Jamaica (PIOJ)

Peisha Bryan-Lee, Programme Director, Vision 2030 Jamaica Secretariat

FOCUS OF OUR DISCUSSION

How Will Jamaica Achieve the SDGs?

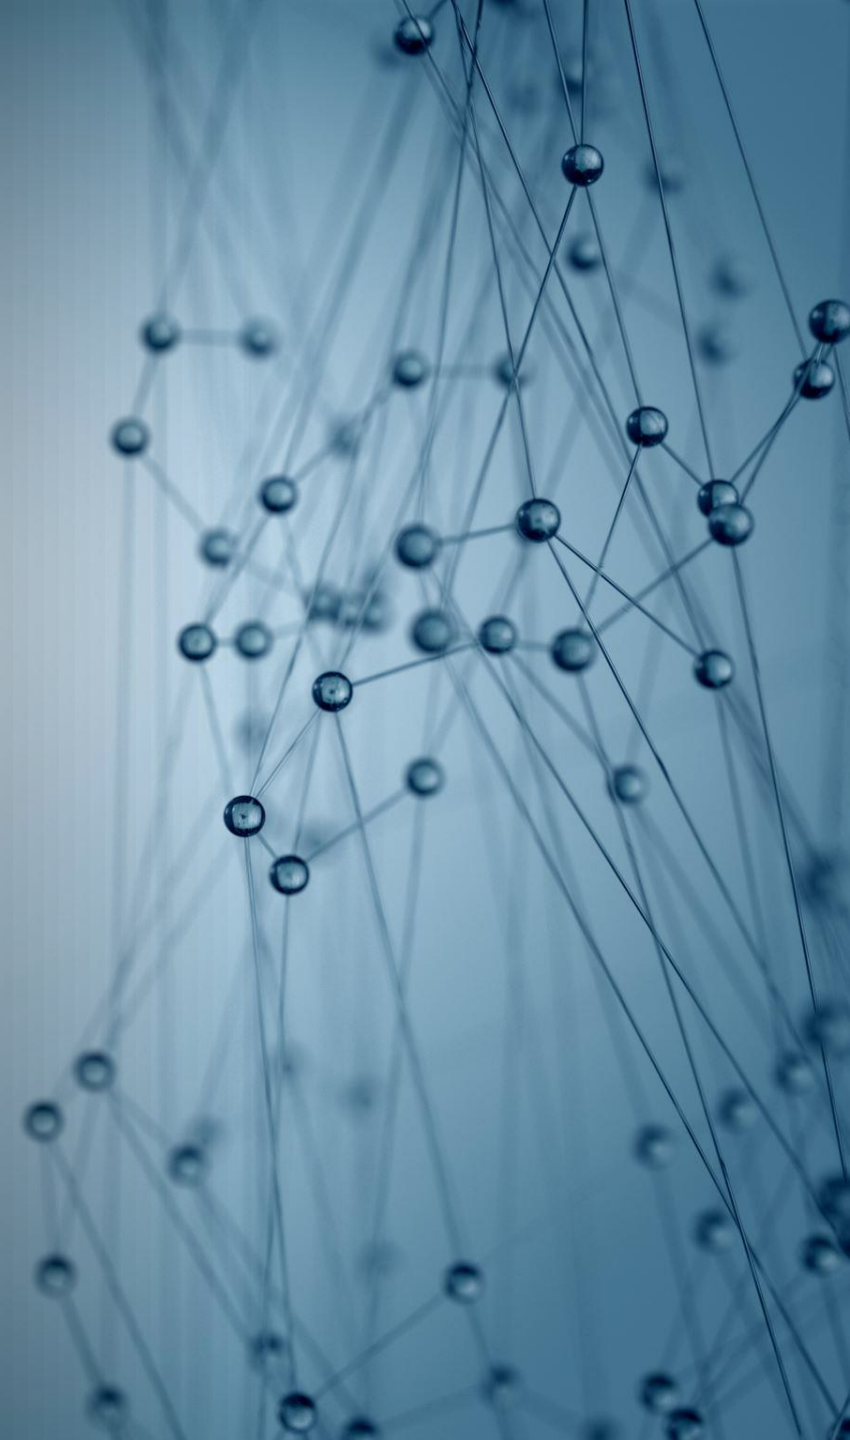

- The SDGs have been integrated in Jamaica's implementation of Vision 2030 Jamaica and the strategic priorities of the country, including the country's priority strategies for achieving growth

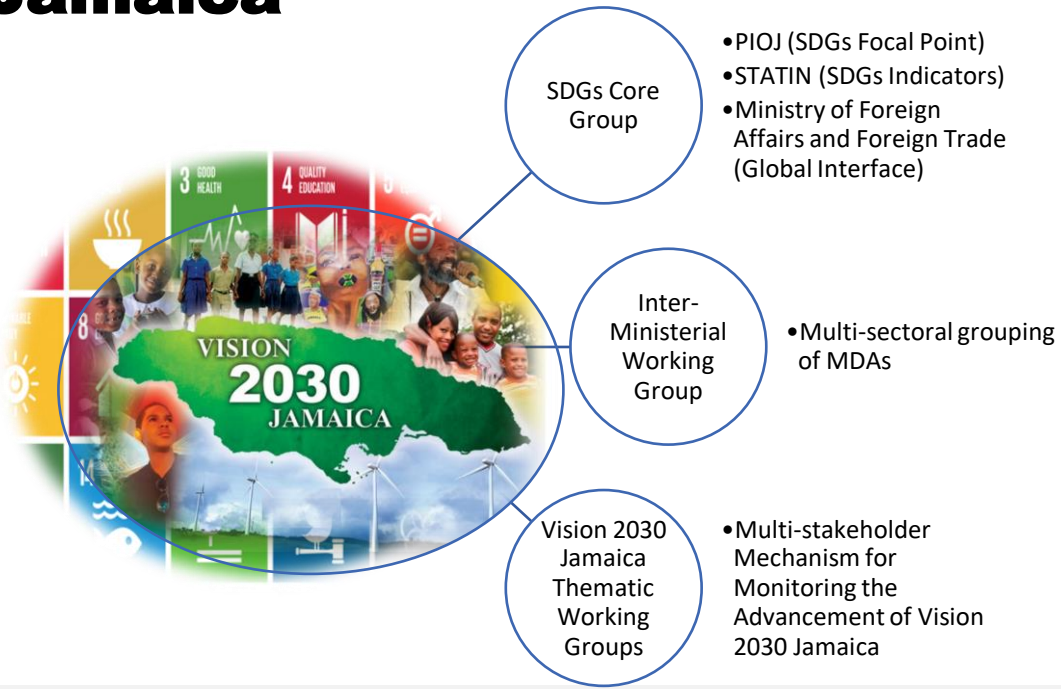

BACKGROUND AND CONTEXT

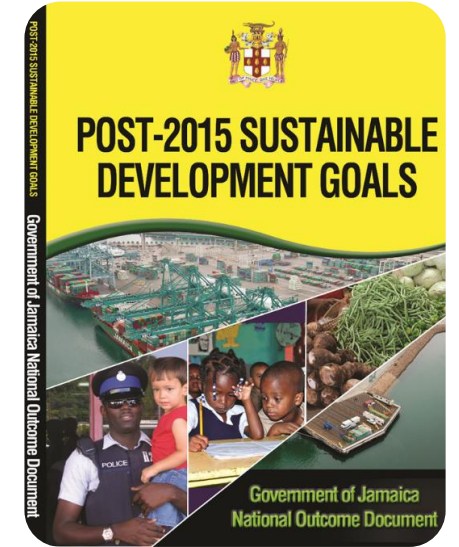

Integration of the SDGs in Vision
2030 Jamaica Plan Implementation

Landing the Post 2015 Development Agenda / SDGs in Jamaica

Participatory Process to Develop Jamaica's Country Position on the SDGs based on alignment with Vision 2030 Jamaica

115 Targets relevant to Jamaica

Vision 2030 Jamaica – National Goals and Outcomes

“the place of choice to live, work, raise families and do business”

MTF 2015-2018 shows alignment of SDGs with the 15 National Outcomes of Vision 2030 Jamaica

Integrating/Mainstreaming the SDGs (and wider Post-2015 Development Agenda) in Vision 2030 Jamaica

SDGs Core Group

- PIOJ (SDGs Focal Point)
- STATIN (SDGs Indicators)
- Ministry of Foreign Affairs and Foreign Trade (Global Interface)

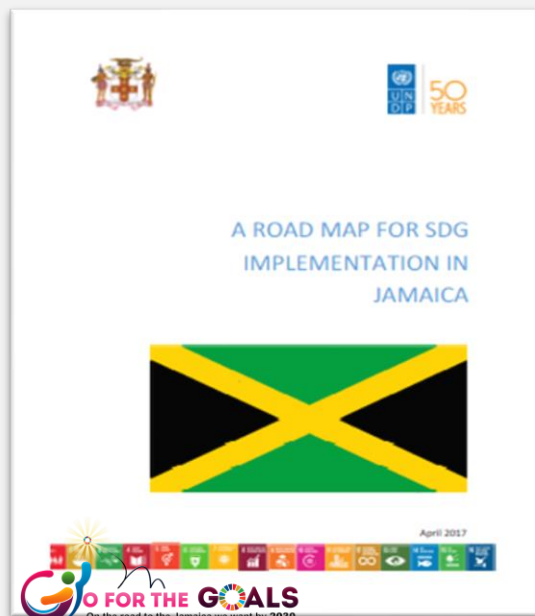

Vision 2030 Jamaica Thematic Working Groups

- Multi-stakeholder Mechanism for Monitoring the Advancement of Vision 2030 Jamaica and the SDGs

The Road Map was developed through the Mainstreaming, Acceleration and Policy Support (MAPS) process and was informed by a Rapid Impact Assessment (RIA)

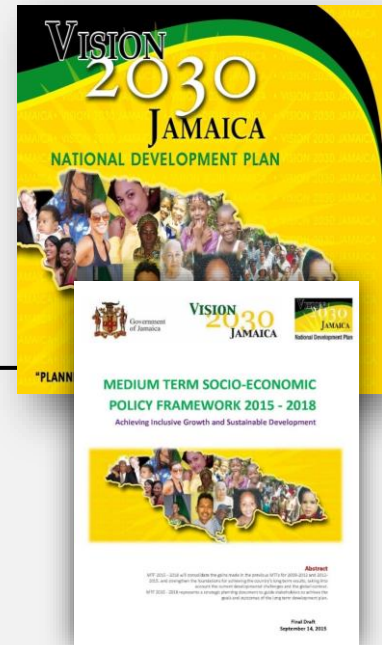

115 Targets relevant to Jamaica

The Road Map for SDG Implementation in Jamaica identifies Vision 2030 Jamaica as the mechanism for the implementation of the SDGs in Jamaica. The RIA identified a 91.3 per cent alignment between Jamaica's national development agenda centred on Vision 2030 Jamaica and the SDGs.

Cabinet approved the Road Map in June 2017 and the establishment of the institutional mechanisms for SDGs implementation as well as a commitment to finance the SDGs

Integrating/Mainstreaming the SDGs (and wider Post-2015 Development Agenda) in Vision 2030 Jamaica – Medium Term Socio-Economic Policy Framework (MTF) 2018-2021

Voluntary National Review (VNR) Report

Representation of Performance and Progress under Vision 2030 Jamaica – National Development Plan

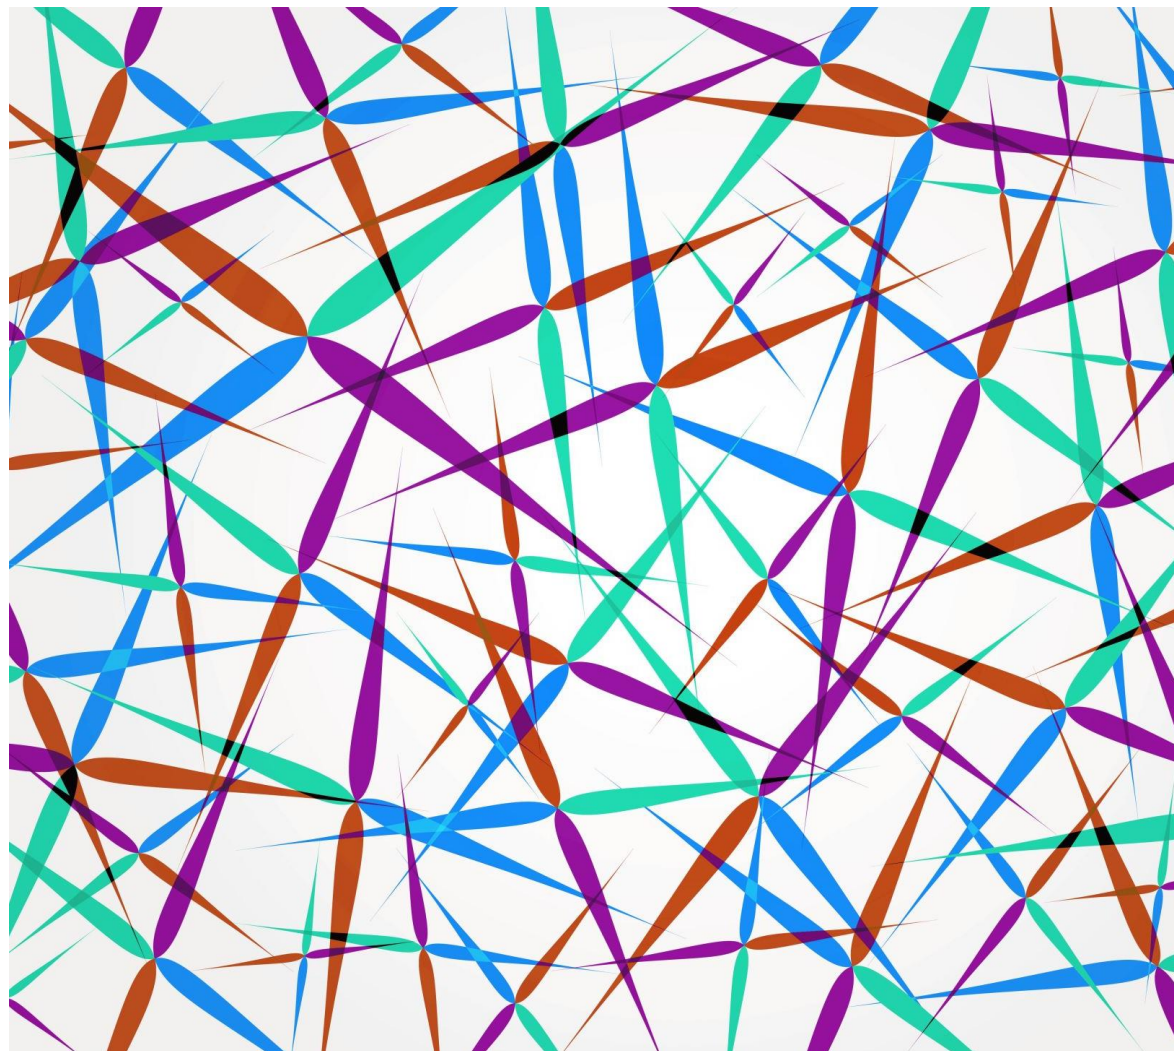

- The VNR Report was developed through a participatory process that was aligned with the participatory and stakeholder-driven approach to the development and implementation of Vision 2030 Jamaica, including evidence- and results-based management processes.
- The VNR reported on development performance and progress towards the SDGs based on the implementation of Vision 2030 Jamaica through successive 3-year Medium Term Socio-Economic Policy Frameworks (MTFs) and specifically, the 3rd MTF, which covered the period 2015-2018.
- The VNR report gave focus to the alignment of core principles of Vision 2030 Jamaica and the SDGs, including equitable and inclusive development or “leaving no one behind”/
- The Statistical Annex was demonstrative of not only the global focus on measuring development results but also the national prioritization of such.

NEXT STEPS (from the VNR)

As Jamaica seeks to accelerate implementation of the 2030 Agenda, particular focus will be placed on the following:

- Full and effective implementation of national priorities outlined in the MTF 2018–2021 to address the challenges — social, economic, environment and governance
- Strengthen the National Statistics System
- Improve the monitoring and evaluation framework
- Explore and identify mechanisms and strategies for financing the implementation of the SDGs within the context of the current fiscal constraints
- Improve policy coherence and build capacity in the area of policy integration to strengthen capacities of national policy makers to use goal-oriented, evidence-based, and participatory frameworks to formulate, implement and review integrated policies and strategies for sustainable development.
- Ongoing SDGs Communication and public engagement.

NEXT STEPS – Integration of the SDGs in Vision 2030

Jamaica – National Development Plan Implementation

- The implementation of MTF 2018-2021 is underway - the MTF covers the period April 2018 – March 2021.
 - While there have been gains and losses, the effects and projected impact of the COVID-19 pandemic is under review and will be a major factor in determining the priorities for the next MTF, which will cover the period 2021-2024.
- Led by the Statistical Institute of Jamaica (STATIN), Jamaica is currently seeking to establish a coordinated National Statistical System (NSS), including the development of a Statistics Master Plan. STATIN bears responsibility for the Global SDG Indicators.
- Based on Government of Jamaica (GoJ) priorities, lessons learned, and a process of Strategic Review, focus is being given to strengthening the framework and systems for evidence- and results- based management (ERBM), which includes strengthening the monitoring and evaluation framework and integrating the SDGs in same
- There are on-going efforts to develop national capacity for Innovative Financing as well as Results-Based Budgeting. A 2019-2020 UNDP supported project included the development of a Report and Draft Policy Brief on Innovative Financing.
- The efforts at strengthening ERBM will support policy coherence – includes focus on strengthening the National Strategy Framework and Theories of Change.
- There has been ongoing SDGs Communication and public engagement at national and local levels.
