

Renewable Energy Policies and Measures Database for JREC Countries

**Regional Conference for Latin America and
the Caribbean on Renewable Energy
Brasilia, 29-30 October 2003**

**Piotr J. Tulej
Renewable Energy Unit
International Energy Agency**

Project Deliverable

Searchable web-based database of policies
and measures

29-30 October 2003

Regional Conference for Latin America
and the Caribbean on Renewable Energy

Goal and Purpose

- ✓ Increase use of renewables
- ✓ Capacity building
- ✓ Encourage policy reform
- ✓ Transparency and information dissemination
- ✓ Encourage target-setting

Project Approach

- JREC Policy Network
- Template for collecting and presenting policy information
- Verification of information and inputting into database
- Design of website to house database

Template

POLICY TEMPLATE	
1. Policy name:	
2. Year:	
3. Country:	
4. Date Effective (date from which the policy is in force):	
5. Website Address:	
6. Funding:	
7. Agency (responsible for implementing policy):	
POLICY DESCRIPTION	
8. Description:	
9. Type of Policy: National Renewable Energy Targets <input type="checkbox"/> Feed in <input type="checkbox"/> Portfolio Standard <input type="checkbox"/> Grants, Subsidies and rebates <input type="checkbox"/> Corporate Tax Incentive <input type="checkbox"/> Personal Tax Incentives <input type="checkbox"/> Sales Tax Incentive <input type="checkbox"/> Consumer Loans <input type="checkbox"/> Power Sector Restructuring <input type="checkbox"/> Rural Electrification Policies <input type="checkbox"/> Net Metering <input type="checkbox"/> Demonstration Project <input type="checkbox"/> Feasibility Study <input type="checkbox"/> R&D <input type="checkbox"/> Government Purchases <input type="checkbox"/>	10. Type of Renewable Energy: All renewables <input type="checkbox"/> Biofuel <input type="checkbox"/> Biomass <input type="checkbox"/> Geothermal <input type="checkbox"/> Hydro <input type="checkbox"/> Hydrogen <input type="checkbox"/> Ocean energy <input type="checkbox"/> Offshore wind <input type="checkbox"/> Onshore wind <input type="checkbox"/> Solar concentrator <input type="checkbox"/> Solar photovoltaic <input type="checkbox"/> Solar thermal <input type="checkbox"/> Waste <input type="checkbox"/>

Johannesburg Renewable Energy Coalition

We are conscious that to meet the objectives of WSSD, developing countries and countries with economies in transition need to build and strengthen their capacity to assimilate and generate knowledge for sustainable development.

Renewables Database Policies & Measures IEA Bookshop Implementing Agreements About JREC

Through international co-operation **The Johannesburg Renewable Energy Coalition** is made up of more than 80 countries willing to increase the share of renewable energy in the overall energy mix by using concrete targets and deadlines. See below to search these targets by country.

Policy Types:

Feed in

To come: National Renewable Energy Targets (Goals), Grants, Subsidies and rebates, Corrosional Tax Incentives, Power Sector Restructuring, Rural Electrification Policies, Net Metering, Demonstration Project

Targets and policies by country:

Germany
