

Highlights

1. Marketplace activity

Marketplace traffic totaled 12.7 million visits in 2022, a 35.3 per cent increase from the previous year (Figure 1.A). The rise was explained by the evolution of visits on non-transactional sites (Figure 1.B).

Most marketplace activity in Cuba remains concentrated in national marketplaces, which account for around 94 per cent of total traffic in 2022.

Cuba has a minimal impact on the overall regional traffic, accounting for less than 0.06 per cent of the total (Figure 3). In 2022, the percentage of cross-border visits to sites targeting Cuba as a share of total visits was 34.3 per cent (Figure 2).

2. Marketplace landscape

In 2022, the top 3 most visited in Cuba concentrated 93.5 per cent of total traffic (Table 1). Revolico was the most popular marketplace, with 76.9 per cent of total traffic, followed by PorlaLivre, with 12.1 per cent. Traffic from Cuba to foreign global marketplaces stood at 0.06 million, 24.6 percent higher than in 2021. The most visited global site was DHgate, with 47.7 per cent of total traffic in global marketplaces (Figure 5.B).

The fastest growing marketplaces in 2022 were Top Free Ad, Cuba Ads and Wanuncios, all classifieds sites (Figure 4).

Table 1

Leading marketplaces in Cuba, 2022

Marketplace	Traffic (mill. visits)	Traffic share (%)	Annual growth (%)
Revolico	9.8	76.9	24.1
PorlaLivre	1.5	12.1	147.8
Wanuncios	0.6	4.6	170.5
Top-3	12.7	93.5	45.9

3. Regional digital trade integration index

From the analysis of relevant policies for the integration of digital trade, the Regional Digital Trade Integration Index (RDTII) shows Cuba's performance, compared to other LAC countries. The analysis integrates the scores of 12 pillars using a simple average method, where each pillar of the DTII is the weighted average of the indicator-level scores. Indicator scores range from "0" to "1" (where 0 indicates a better integration index) and are based on a review of existing policies and regulations, including those for ICT goods, intermediate goods, and inputs; digital delivery services; foreign investment in sectors relevant to digital trade; and use of personal data. The framework covers two components of digital trade policies, namely restrictions and enabling policies.

Figure 6

RDTI – Pillars scores, Cuba and LAC

Table 3

RDTI – Pillars scores

	LAC	Cuba
DTI index	0.25	0.62
Pillar 1: Tariffs and trade defense	0.20	0.80
Pillar 2: Public procurement	0.25	0.08
Pillar 3: Foreign Direct Investment	0.32	0.45
Pillar 4: Intellectual Property Rights (IPRs)	0.24	0.51
Pillar 5: Telecom infrastructure & competition	0.42	0.85
Pillar 6: Cross-border data policies	0.17	0.46
Pillar 7: Domestic Data policies	0.29	0.68
Pillar 8: Intermediary liability	0.51	1.00
Pillar 9: Content access	0.12	0.83
Pillar 10: Quantitative trade restrictions	0.13	0.21
Pillar 11: Technical standards	0.15	0.70
Pillar 12: Online sales and transactions	0.23	0.88

About the LAC Marketplace Explorer

The Latin America and the Caribbean Marketplace Explorer maps and monitors activity on retail e-commerce marketplaces across the region. It covers visitor traffic and other main characteristics of almost 900 marketplaces and more than 2,900 marketplace websites. It was developed by the ecomConnect team at the International Trade Centre (ITC), the United Nations Economic Commission for Latin America and the Caribbean (UN-ECLAC), and the Centre for Market Insights of the Amsterdam University of Applied Sciences, with the support of the Forum for East Asia-Latin America Cooperation (FEALAC).
