Private Education Survey

- ▶ The objective of the survey is to collect information related to education services provided partly or entirely during a given calendar year Y (2017).
- ▶ This can present itself in 2 possible ways:
 - ▶ (1) A first academic year starts in calendar year Y-1 and ends in calendar year Y, and a second academic year starts in calendar year Y and ends in calendar year Y+1;
 - ▶ (2) There is only one academic year that starts and ends in calendar year Y.
- ▶ This survey is **ONLY** for Private Education. This means that the school is not financed by governments or any other institutions or organizations. **The school does not receive any kind of subsidy**
- ▶ There are in total 7 items to be priced: 5 for primary, secondary and tertiary levels and 2 for other educational programs (language course, private lessons of mathematics)

Primary, Secondary, and Tertiary Education

- ▶ If there is only one academic year associated with the calendar year of the benchmark year, please enter the relevant tuition amount in column of “Academic Year 1”.
- ▶ If you have two tuitions applied for the different parts of the benchmark year, please obtain data for both and enter them.
- ▶ The tuition should not include any costs for educational materials and education support services.

Other Educational Programs

- ▶ The fee should not include any costs for educational materials and education support services.
- ▶ Please provide the number of class hours. Based on this information, hourly fee will be calculated.
